

## HIGH MILEAGE ENGINE TREATMENT

High Mileage Engine Treatment is a premium grade oil treatment which boosts the stability, viscosity, and film strength of the engine oil. For engines with high mileage, it is important to preserve and protect the load-bearing surfaces, and High Mileage Engine Treatment does just that. Lubrex metal conditioner boosts lubrication protection for smoother operation. It helps increase engine compression and power by increasing oil viscosity. It helps keep oil from oxidizing, protects vital engine parts from corrosive damage, and helps seal rings to increase compression to reduce blow-by.

### APPLICATION:

- Safe for use in all gasoline and diesel engines
- Safe for use with all conventional motor oils
- Synthetic blend motor oils
- Full synthetic motor oils

### FEATURES & BENEFITS:

- Boosts engine lubrication
- Provides extra protection to partially worn surfaces
- Improves oil viscosity
- Reduces engine friction and wear
- Provides extra protection for heavily loaded engines
- Compatible with all types of motor oils
- Contains metal conditioner
- No environmentally harmful dyes

### DIRECTIONS:

Add contents of this bottle to crankcase. Check for safe levels and do not overfill.

### HEALTH & SAFETY, ENVIRONMENT:

Prolonged and repeated contact with oil may cause skin disorders. Avoid contact. Wash immediately with soap and water. Do not discharge used oil in to drains or the environment. Dispose to an authorized used oil collection point. For further information on Safety Guidelines please refer to MSDS available on our website [www.lubrex.net](http://www.lubrex.net)

### HEALTH & SAFETY:

This product is not likely to present any significant health or safety hazards when properly used in the recommended application and good standards of personal hygiene are maintained. Reference is made to the Safety Data Sheet (SDS) which is available on request via your local sales office or via the internet [www.lubrex.net](http://www.lubrex.net)

### PROTECT THE ENVIRONMENT:

Take used oil to an authorized collection point. Comply with local regulation. Do not discharge into drains, soil or water.

### STORAGE:

We recommend to store all packages under cover. In case outside storage is unavoidable, drums should be laid horizontally to avoid the possible ingress of water and damage to drum markings. Products should never be stored above 60°C, exposed to hot sun or freezing conditions.
